- Microsoft Software Development Fundamentals

Interests

- Cooking
- Maps
- Dance Dance Revolution

Experience

Indiana University Jacobs School of Music

Head Recording Services Engineer

May 2020 - present

- Led a team of audio engineers who performed audio post production on recitals and concerts across multiple venues
- Prepared and delivered recordings to clients
- Performed various auxiliary audio engineering services around the Jacobs School of Music

House Band Producer

January 2020 - present

- Managed team of 20-30 musicians and coordinated placement on recording sessions
- Created detailed semester schedule and aimed to fairly balance shifts between musicians
- Acted as an intermediary between musicians and engineers and worked with faculty to assess session musician requirements for their courses
- Created charts for songs from a variety of genres such as rock and pop, including transcription of chord progressions and formal structure as well as production notes consisting of stylistic information for the recording engineers

Teaching Assistant

January 2020 - May 2020

- Instructed a 10-person lab section for an introductory audio engineering course covering basics such as studio maintenance, signal flow, and microphone placement
- Answered questions and provided advice during class while offering constructive feedback when grading assignments

WIUX

President

April 2018 - April 2019

- Led and managed 25-person Board of Directors and 4-person executive management team
- Implemented evaluation procedures to improve communication and transparency with board members
- Introduced manual creation project for each Board position, leading to more effective knowledge transfer
- Coordinated scheduling and space access management with staff of the Media School at IU
